

# COVID-19 PRECAUTIONS

## Creating a safe, worry-free experience is our top priority

The FIE 2021 conference Organizing Committee remains vigilant in monitoring the COVID-19 pandemic. FIE is planned as face-to-face conference, but delivered with remote options to allow participants who, for a variety of reasons, may not be able to join the in-person conference in Lincoln, Nebraska, USA.

**Keeping You Safe** - Working closely with the Lincoln Marriott Cornhusker Hotel as well as Federal, State, and Local public health officials, we will incorporate required safety protocols to provide participants a safe, positive, and productive in-person experience to meet your goals.

For the latest information on what the hotel is doing to maintain health and safety protocols, you may review their COVID-19 Update here: <https://whattoexpect.marriott.com/lnkfs>

Before traveling to the conference, we recommend that you stay informed of any information your local health agencies may make available. Please take the required precautions to protect yourself.

We encourage travelers to follow the guidance offered by the U.S. Centers for Disease Control and Prevention:

- [CDC Information for International Travel During COVID-19](#)  
Review CDC recommendations and requirements, including the requirement for proof of negative COVID-19 test or recovery from COVID-19 for all air passengers arriving in the United States.
- [CDC Travelers Prohibited from Entry to the United States](#)  
Several Presidential proclamations established restrictions on the entry of certain travelers into the United States.

## What You Can Do to Help Onsite

Maintaining the safety of event participants remains a priority and requires a personal commitment by everyone in attendance to abide by health-and-safety-beneficial conduct while in attendance. We encourage you to follow the World Health Organization's (WHO) and Centers for Disease Control and Prevention's (CDC) guidelines to prevent the spread of infectious diseases at the event:

- If you are not well, consider staying home.
- Wash your hands frequently with soap and water for 20 seconds or use an alcohol-based hand sanitizer.
- Maintain social distancing between yourself and anyone who is coughing or sneezing.
- If you have fever, cough, and difficulty breathing, seek medical care early.
- Stay informed and follow advice given by your healthcare provider.
- Discourage physical greetings like handshakes, high fives, fist or elbow bumps, and hugs.

Lincoln, NE is in the Lancaster County of Nebraska. Here is the website on the county's present guidelines for Covid-19 safety: <https://app.lincoln.ne.gov/city/covid19/>

Continue to check back for updates and we look forward to welcoming you to FIE 2021!
