

What does it take to be an Elite Specialist?

To become an Elite Specialist, you will need to complete the course and the collaborative assessment tool and pass a 50-question exam.

Keeping your Credential Current

There are NO FEES to keep your Credential current, but we do strongly encourage students to take further education. This will not only elevate your skills and fortify your knowledge, but it will also show your dedication and commitment to your clients and your profession.

How long do I have access to the Specialist Curriculum?

You will have lifetime access to this Specialization Program. There are no time limits or constrictions in this course and you are welcome to revisit the materials as many times as you like.

When will I receive my Continuing Education Completion Certificate?

Your completion Certificate will be available for you to download after you pass the final exam. Your official CE transcript will be emailed to you from Northwestern Health Sciences University within a month of course completion.

How long does it take to complete the course?

There is no time limit to complete the course, but we do recommend that you complete the Specialist Course within 1 year after registration. The length of time required to complete a specific program depends on the individuals' dedication and available time to study.

Elite (E) Course Prerequisites

While anyone over the age of 18 years old can complete the educational content included in the GMP Fitness Courses we do recommend a few of things for the Elite Specialist Courses.

- Knowledge of English and arithmetic.
- High school diploma or equivalency.
- A background in fitness equipment and exercises.
- **Note:** Continuing Education license renewal hours are approved for doctors of chiropractic in IA, MN, ND, and SD.

Customer Course Support

You'll receive unsurpassed, exceptional customer support. Have a question after you purchase the course—contact us at info@gmpfitness.com or call 888-467-3488. Have questions about your CE hours or licensing board approval contact continuinged@nwhealth.edu or call 952-885-5446.
