Materials List for the Essential Oils Perfume Workshop – October 14, 2020

In this class you'll be formulating three unique signature scents using beeswax, carrier oils, and essential oils. You'll create one solid perfume, a 2 oz. aromatherapy spray, and a roll-on perfume. Good sources for essential oils are **Piping Rock** and **Plant Therapy**.

Perfume blends have a top note, middle note, and a bottom note so please choose 2-3 essential oils from each column:

Column 1	Column 2	Column 3
Base Notes	Middle Notes	Top Notes
Amber	Black Pepper (to top)	Anise
Cedarwood	Chamomile	Basil
Cinnamon (to Middle)	Geranium	Clary Sage (to Middle)
Clove	Jasmine	Eucalyptus
Frankincense	Lavender (to top note)	Grapefruit
Gardenia (can be base, middle, top)	Lemongrass	Lemon
Myrrh	Pine	Lime
Oakmoss	Rose (to base note)	Orange
Patchouli	Rosemary	Peppermint
Sandalwood	Violet	Sage
Vetiver	Ylang Ylang	Spearmint
		Tea Tree (to Middle)
		Thyme (to Middle)

Jojoba Oil – 1 small bottle (need about 1 ounce for each perfume and 4 ml for the roll on) - purchase through a health food store or Amazon

Fractionated Coconut Oil – a small bottle (need 4 ml for the roll-on) - purchase through a health food store or Amazon

Beeswax – a few ounces (will need 1 tablespoon of grated beeswax per solid perfume)

Witch Hazel – will need 1 teaspoon – available at a drugstore or Amazon

Other Supplies

Many of the containers can be sourced through **Specialty Bottle** (<https://www.specialtybottle.com/>) or **Amazon**

A small funnel -

1-ounce Metal Containers – need 1 for the solid perfume -
