

NYBG

WEL168 – WINTER SKINCARE – ONLINE

Welcome to NYBG's Winter Skincare class!

For this course, the instructor will be mailing out a kit of supplies directly to you before the class starts. Kindly be sure NYBG has your current mailing address on file upon registering for this class.

In addition to the mailed kit, you'll also want to have the following items on-hand in order to participate in the virtual 'hands-on' element of the class:

- Access to a stovetop or hotplate
- A double boiler set-up (this can simply be two small to medium pots, one that fits inside the other)
- 1 or 2 mixing spoons
- Measuring cups and spoons
- Paper towels or rags
