

# 64th Annual STRUCTURAL ENGINEERING CONFERENCE

Thursday, March 7, 2019 | Kansas Memorial Union, Lawrence, KS

## Professional Development Hours (PDHs)

The KU Structural Engineering Conference offers a total of 6.5 Professional Development Hours.

Enrole, the KU Professional & Continuing Education (KUPCE) registration system, makes it easy to find professional development and training and register online. In addition, Enrole tracks your personal training history and stores your certificates of completion for you to access, view, and print at any time after the event.

### Sign-in to your profile

1. Visit [enrole.com/kupce](http://enrole.com/kupce)

2. In the left margin, click on

Create Profile / Sign In

3. Enter your email and password.

*If you cannot recall your password, you can use the “**Forgot your password?**” option to reset with the email address listed with your registration.*

**SIGN IN**

### View your personal training & order history

Click on **Order History** from the left-hand menu to view both upcoming and past events/trainings for which you have registered.

#### Upcoming Events

- View your registrations for upcoming events

#### Past Events

- View past events and access PDFs of your certificates

If you have difficulty accessing your profile because you registered without creating a profile or someone else registered you to attend the event, please contact our KUPCE Registration Specialists, who can assist you in setting up and accessing your profile, at +1-785-864-5823 or at [kupce@ku.edu](mailto:kupce@ku.edu).

KU Professional & Continuing Education does not provide PDH certificates on-site at the event.
