

**2023 Annual License Renewal Seminar**  
**Topics in Clinical Chiropractic: Using Facts, Evidence and Experience to Enhance Care**  
 Cosponsored by UCERF and NWHSU

**Fri, Dec. 1, 2023**  
**1:00 pm-7:00 pm, 6 CE hours**

<b>Time</b>	<b>Description</b>	<b>Instructor</b>
1:00pm – 2:40 pm  2 CE Hours	<b>The Three People That Live in Your Head. A neurological look at knowledge, communication and the workings of the human brain and mind".</b> The things that motivate a person's ultimate behavior are based in complex, yet understandable neurological mechanisms. This lecture will explore the workings of the human brain and reveal the relationship and processing of human knowledge, intellect, feelings and emotions. It will provide insight into personality and mental balance and help you understand why people behave the way that they do.	Remote Presenter: Joseph S. Ferezy, DC, DACAN, FIACN  On-site Presenter/Facilitator: Robert J. Gustafson, DC, DIBCN
2:40 pm – 3:00 pm	<b>Snack Break</b>	20 minutes
3:00 pm – 4:40 pm  2 CE Hours Risk Mgmt	<b>Ethics: Have You Got It Right?</b> This program focuses on five of the fourteen Rules of the ACA Code of Ethics, their application in everyday practice, how following these Rules can improve your practice, and the potential consequences of violating them.	John B. Wolfe, Jr., DC, JD
4:40 pm – 5:10 pm	<b>Snack Break</b>	30 Minutes
5:10 pm – 7:00 pm  2 CE hours	<b>The Chiropractic Neurological Examination.</b> Dr. Ferezy is among only a handful of chiropractic experts on the subject of in-office neurological examination. His textbook, "The Chiropractic Neurological Examination" was the 1 <sup>st</sup> chiropractic neurology examination textbook that was not self-published. Join Dr. Ferezy and Dr. Gustafson as they walk through the complete "soup to nuts" examination of your patients' nervous system. Part one focuses on taking an accurate history and examination of the head, face and neck.	Remote Presenter: Joseph S. Ferezy, DC, DACAN, FIACN  On-site Facilitator: Presenter/Robert J. Gustafson, DC, DIBCN

**Sat, Dec. 2, 2022, 9:00 am-5:45 pm**

**8 CE hours (includes 4 X-ray, 1 abuse recognition, 1 professional boundaries)**

<b>Time</b>	<b>Description</b>	<b>Instructor</b>
9:00 am – 9:50 am  <b>1 CE Hour Abuse Recognition</b>	<b>Recognition of Child Abuse</b> Join Dr. Gustafson leading a class discussion as you view excerpts of a video and discuss salient points and specific state reporting requirements and procedures regarding the recognition of child abuse. This class covers physical and radiographic evidence of injury to children, social and psychological aspects of child abuse, and a discussion of hypothetical and real situations regarding child abuse. Also discussed are legal implications for abusers, and for mandatory reporters. This class is a concise, yet broad-based discussion of the horrors of child abuse and your role, as a Doctor of Chiropractic, in these cases.	Presenter/Facilitator: Robert J. Gustafson, DC, DIBCN
9:50 am – 11:30 am  <b>2 CE Hours X-ray</b>	<b>Diagnostic Imaging of the Spine and Extremities</b> Of the many opportunities to review cases this year, certain ones, through histories, imaging findings, important management decisions and more stand out. This imaging presentation, using cases from my clinical radiology practice will share hair-raising histories, interesting imaging findings and ongoing management options. Review and discuss a wide variety of diagnostic imaging case studies, including information related to clinical-imaging correlations, as well as specific imaging findings. There will also be discussion of important factors regarding imaging decision-making, technical factors/quality assurance and related topics. Focus sessions on topics like sports related injuries, artifacts that can simulate abnormalities, review of foot and ankle disorders and chest findings will be included.	Michelle A. Mick (née Wessely), DC, DACBR, DipMED
11:30 am – 1:00 pm	<b>Lunch Break</b>	90 Minutes
1:00 pm – 2:40 pm  <b>2 CE hours X-ray</b>	<b>Diagnostic Imaging of the Spine and Extremities (continues)</b>	Michelle A. Mick (nee Wessely), DC, DACBR, DipMED
2:40 pm – 3:10 pm	<b>Snack Break</b>	30 Minutes
3:10 pm – 4:00 pm  <b>1 CE Professional Boundaries</b>	<b>Professional Boundaries: What Would You Do?</b> This is an interactive, presentation covering situations in professional boundaries. The class will consist of a series of slides that depict situations that might challenge professional boundaries and cover different common doctor-patient scenarios. A discussion of options for handling various types of professional boundaries will be discussed. An open discussion between the class and Dr. Horton is encouraged.	Amy Horton, DC
4:00 – 4:05	<b>Tech/stretch break</b>	
4:05 pm – 5:45 pm  2 CE Hours	<b>The Chiropractic Neurological Examination (Continues).</b> Part two of this presentation focuses on examination of the cranial nerve system with important emphasis on theories on the efficacy of chiropractic interventions in disorders of the cranial nerves.	Remote Presenter: Joseph S. Ferezy, On-site Presenter/ Facilitator: Robert J. Gustafson,
