

## BIL373 - Drawing Found Nature in Charcoal Pencil

### **Materials List**

A Strathmore 400 Series Gray Toned Sketch Paper pad.

A Drawing Board and 2 "Bulldog clips" to keep paper from moving- if you wish to detach the sheet of paper from the pad.

General's Charcoal Pencils: HB, 2B, 4B, 6B and a White charcoal pencil

One HB drawing pencil ( graphite) for preliminary sketching

A kneaded eraser

A small, inexpensive acrylic brush to use for blending

tissues

A Mahl stick to rest your hand on as you draw, ( or any smooth, sturdy stick long enough to bridge your paper ). This allows you to access all areas of your drawing steadily and easily, prevents smudging and looks very "professionally artistic!" 😊
