

Hi Designers,

Thank you for joining NYBG in our presentation of Winter Citrus. Please find below the list of floral, and botanical materials I will be demonstrating the floral styling of Winter Citrus. The class is fun and easy to follow with time for question and answer... insuring a beautiful design with your personal touch. The tricks and tips of the trade in keep your arrangement fresh and long lasting will be discussed. Please contact me at [tosullivanfloraldesign@gmail.com](mailto:tosullivanfloraldesign@gmail.com) with any questions.

See you all soon for our adventure in crafting a vision of a winter wonderland,  
Trish

### **Winter Citrus**

Flowers: The list below is offered as a general guideline. You are the designer... add or substitute as you wish.

Container: There is no limit in choice of container. Use everything & any object as long as it holds water with an opening between 4" to 6" wide. I will be using a 4" wide pedestal container. Baskets, wooden and ceramic containers along with watering cans are as just a few options. Check out [trishosullivanandesign.com](http://trishosullivanandesign.com) for great ideas in repurposed containers.

**The trick of great design is a smaller container opening, personally I use 3"- 4"**
