WC Paints: We will be using watercolor paints in tubes, not cakes. Paint will make a difference, so good quality is important. I recommend 2 brands, Winsor and Newton Professional or M Graham. I will list the named colors of each brand below. The tubes come in 5 ml and 14 ml ....either is fine. They are interchangeable; in other words, you can buy some of one brand and some of the other. I find M. Graham to be more reasonably priced and superior; it is the paint I choose to work with. Up to you. Also, if you plan to take Botanical Watercolor 1 or the one-day workshops, these are brands that are used.
