Materials List- HRT411 Plant Propagation I

Nick Storrs

Everything should be available at Home Depot or Lowes. We encourage you to use your local nursery as well!

1st Class

- Seed packet, recommend [Genovese Basil](#), but you can grow whatever you want. Instructor will be doing the basil along with you for comparison
- (3) 6" terracotta or plastic pot
- (1) 8 quart bag of potting mix
- (1) roughly 8 quart bag of vermiculite
- (1) roughly 8 quart bag of perlite
- (1) Spray bottle or watering can with a fine misting nozzle
- (1) Water proof mat or tray to work on

2nd Class

- (3) fertile fern fronds (get them for free on a walk through the park)
- (1) Pair of hand pruners

3rd Class

- At least 4 narcissus bulbs, and 4 hyacinth bulbs
- (1) clove of garlic
