BIS BUSINESS & INDUSTRY SERVICES

Mission

Provide students the opportunity to develop national workplace competencies to fill the needs of business and industry.

This high-tech, equipment-specific course utilizes hybrid training for students to learn the essential skills needed to safely and effectively operate a medium-sized tracked *Caterpillar® Hydraulic Excavator*. Students go from zero-to ready with a combination of hands-on training in *Cat® Simulators* and self-paced online curriculum. Operational techniques and training exercises for this machinery include:

- Machine Dynamics & Maneuvering
- Hoisting Objects, Trenching & Pipe installation
- Clearing Debris, Digging Footings & Bench Loading
- Practice Sessions in Simulator & Virtual Environment
- Competency Quizzes & Skill Tests

Similar in-depth courses, in the *Heavy Equipment Series (launching in 2022)* at PTC St. Petersburg campus, include *Hydraulic Excavator, Advanced Construction Excavator, Track Type Tractor, Advanced Dozer, Small Wheel Loader and Motor Grader*.

DETAILS

- **60 HRS** (30 hours Online/Self-Study; 20 hours Simulator Lab*; 10 hours Driving & Maneuvering Practice) *On-campus lab times must be scheduled during orientation
- **TOTAL COST** – \$636.22
