

COVID Behavioral Health Services

Helping uninsured or underinsured families experiencing emotional distress during the Covid-19 pandemic

COVID BH Services

Centerstone received a \$360,000 grant via the State of Illinois and the Substance Abuse and Mental Health Services Administration (SAMHSA) to provide help to uninsured or underinsured families experiencing emotional distress during the Covid-19 pandemic. The program will end August 2021.

The purpose of this grant is to address the needs of:

- Children and adolescents who, due to the Covid-19 pandemic, have increased mental health needs related to the consequences of the pandemic
- Children and adolescents who have new mental health or social-emotional needs related to the Covid-19 pandemic
- Parents of children engaged in mental health services through Wellness Recovery Action services

The populations served by this grant will include children, adolescents, and their families in the Metro East and Southern Illinois areas who are uninsured or underinsured.

About Centerstone

Centerstone is a not-for-profit health care organization dedicated to delivering care that changes people's lives. We provide mental health and substance abuse treatment, education and support to communities in Florida, Georgia, Illinois, Indiana, Kentucky, and Tennessee and additionally offer individuals with intellectual and developmental disabilities life skills development, employment and housing services. Nationally, we have specialized programs for service members, veterans and their loved ones, and develop employee assistance programs for businesses of all sizes. Centerstone's Research Institute improves behavioral healthcare through research and technology. Centerstone's Foundation secures philanthropic resources to support our work.
