

Course at a Glance

Instructor/Presenter: Jacey Erickson

Length: 15 hours

Dates: Enroll anytime - Complete in 4 months

Number of Graduate Professional Development Credits: 1

Introduction

In this course, you will receive step-by-step instruction on how to implement video integration tools so you can go from feeling overwhelmed with technology to feeling confident in using video in your instruction. You will learn about done for you video integrations, how to create your own teaching videos, what video tools students can use for assignments, and tools to support student engagement if you have to teach live online. Learning the educational video integration tools, will increase student engagement and performance to foster a better learning environment no matter if you are teaching face-to-face or through distance learning. This course is for every K-12 educator no matter your technology skill level!

Course Blackboard Site: The UND Blackboard System will be utilized to support the structure of the course including, but not limited to, posting of the course at a glance, grades, and electronic communications.

Learning Objectives

Upon completion of this course, participants will be able to:

- create and implement video technology integrations with confidence.
- utilize video technology integrations for distance learning.
- find done for you interactive content to assign to students.

Text and/or Other Materials

No additional books or media needs to be bought for the course. All course materials and resources will be provided in the Blackboard course.

Lesson Topics and Assignments

This course contains 4 modules designed to focus your study of using video integrations in the classroom and to assist you in achieving the course learning objectives. Inside each module there are lessons, and the lessons have a combination of required videos, websites, and assignments.

- Module 1 Done for You Video Integration Tools
- Module 2 Creating Your Own Teaching Videos
- Module 3 Teaching Live with Video
- Module 4 Video Student Assignments

Each lesson contains the following structural elements

- Module Snapshot (Required)
- How to use Videos for Each Integration (Required)
- Link to website of Video Integration Tools (Required)
- Extra Supporting Resources (Optional)
- Module Assignment (Required)

Grading and Evaluation Activities:

This course is made up four module evidence of learning assignments and one final project which will be graded. The assignments will be a combination of video, written reflection, and photos. There will be no written exams only the project-based assignments mentioned above.

Point Breakdown

(4) Module Evidence of Learning Assignments	70%
(1) Final Project:	30%

Grading Scale

S	Successful completion of all 5 Assignments
U	Failure to complete all 5 Assignments

Upon completion of your course, your final grade will be posted in Blackboard. Please allow 3-5 business days for your final grade to appear on your transcript in Campus Connection. You will receive a confirmation email when the final grade is officially posted on your transcript.

If you have an administrative question regarding course enrollment dates, extensions, withdrawals, questions regarding your transcript, or need other assistance, please contact the **Office of Extended Learning** at und.courses@und.edu or 701-777-0488.

Scholastic Dishonesty

Students enrolled in this course are expected to be aware of the seriousness of scholastic dishonesty. Unacceptable behavior such as submitting someone else's work as your own, cheating on exams, or plagiarizing can result in failure of the course or other sanctions. For a more detailed description of these policies, please refer to the UND Code of Student Life; Appendix IIIa-3, at:
